MARVELLOUS FOAMS

Polymer foams is a new force among new materials. Through different foaming process, the polymer is endowed with new excellent properties. Polymer foams play a key role in different vertical applications due to their unique properties such as lightweight, shock absorption, noise reduction, heat insulation and filtration.

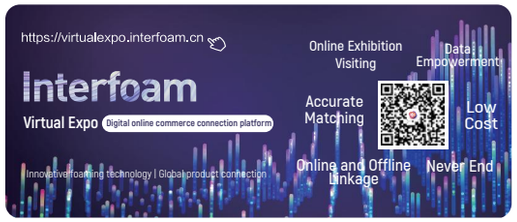
THE BOOMING FOAMS MARKET IN ASIA

EXHIBITION INTRODUCTION

Interfoam is a leading platform in the whole foam industry, including exhibition, virtual show, conference, media, Interfoam award, expert talk etc. Interfoam leads the foam industry in sustainable development, application innovation and technological change, and constantly creates long-term value for the foam industry.
Interfoam China focuses on the displays of the latest foam products and equipment, new technologies, new trends, new applications and so on, and spares no efforts to build a professional platform integrating trade, brand display as well as academic exchange for both upstream and downstream of the foam industry and its application enterprises.

VIRTUAL EXPO

Virtual Expo cannot replace the "face to face" core value of offline exhibition. The core value of Virtual Expo is obtaining clues and connections, satisfying light requirements, efficiently selecing global suppliers and customers, etc. The digital social experience of Virtual Expo can assist offline exhibition to achieve more valuable "face to face".



Theme Day

Harmonious Symbiosis
Green foaming technology, recycling technology, bio based&biodegradation, carbon peaking and carbon neutralization.

Application Innovation
Continuously explore the infinite possibility of foam technology and material application.

Technological Change
Development, reform and innovation of foaming technology, raw materials and additives.

EXHIBITION SCOPE

- Polymer Foams and Products
- Metal Foams and Products
- Other Foams and Products
- Raw Materials
- Foaming Agents (physical foaming agent, chemical foaming agent) and Foaming auxiliary
- Foaming Equipment, Cutting Equipment, Auxiliary Equipment, Testing Equipment, etc.
- Recycling Equipment and Technology
- Environmental Protection Equipment
- Adhesives and Sealants
- Films and Tapes
- Professional Associations, Scientific Research Institutions, Media, etc.

PROFESSIONAL VISITORS

- Foam Manufacturing and Processing Enterprises
- Foams Vertical Application Industries:
  Automotive, Rail Traffic, Aerospace, Packaging, Sports & Leisure, Furniture, Household Supplies, Security, Healthcare, Electronic Equipment, Building Materials, HVAC, Electrical Appliances, Cold Chain & Logistics, Industry, Energy, Shipping, Daily Necessities, Communication Devices, Office Facilities, Military Supplies, Others
- Professional Associations, Scientific Research Institutions, Media, etc.

WISHES FROM VISITORS

Through visiting this exhibition, I learned a lot of knowledge and broadened my horizon. In particular, I benefited a lot from listening to the forum of "Redefine Foams". The speakers are all professionals in the foam industry. I hope this forum can continue in Interfoam.

Peng Gao
HUAWEI TECHNOLOGIES CO., LTD.

The exhibition site is very good, Interfoam brings together many types of foam materials, and I also saw many famous enterprises in the field of foam industry. The exhibition builds a good communication platform for us, so we get to know some high quality business partners for future cooperation. The forum also adds a highlight to this exhibition. We hope the organizer can bring us more quality exhibitors, rich content and more all-round service when we attend the next Interfoam Expo.

Tianbi Su
Michelin China

Foam materials promote the rapid development of new energy power batteries, which can alleviate the problems such as battery expansion, thermal runaway and sealing in battery packs. Interfoam Expo has gathered a number of foam material and equipment suppliers, to build a good platform for us. Hope the organizer will bring more foam material information and advanced technology next time.

Pengli Wang
Contemporary Amperex Technology Co., Ltd.

Interfoam showcases the whole industry chain of foam materials, creating an integrated platform for technology, trade and academic exchanges, making a great contribution to the sustainable development of the foam industry! Through this platform, we have meet some business partners that we can cooperate with in the future. I hope that in the next Interfoam exhibition, the organizer can bring more high-quality exhibitors, rich resources and more all-round service experience!

Li Li
Carcoustics Auto Parts Co., Ltd.

"Redefine Foams"

The 2nd International Forum of Foams and Applications

Become a Speaker

SPONSOR				SPEAKERS		
Diamond Sponsor	Gold Sponsor	Silver Sponsor		Exhibitor	Non-exhibitor	
USD 15,000	USD 10,000	USD 5,000		USD 1,000–15,00	USD 2,000	

WEBINAR

The series webinars of Interfoam are the mild&high-frequency and important events to connect the industry.

The series of webinars aim to explore more foaming technolgy and Foams solutions together with exhibitors, and more focus on technical issues and specific foams solutions.
